Subject: Hunger Strike

Reference: Federal Detainee Edward Feely

Detainee Edward Feely has been admitted again to G.M.H. for intravenous hydration. Hydration alone will not be enough to sustain life. If we do not force-feed him nutrients through nasogastric tube his life will be in jeopardy. He is still refusing to eat on his own. His hunger strike is at day ten (10). Therefore, we are cordially requesting the Court to grant an order for force-feeding under restraints as necessary.

Your assistance in this matter is greatly appreciated.

Subject: Detainee Edward Feely

RECEIVED

FEB 13 2006

Detainee Feely has been on hunger strike since February 6, 2006. He was hospitalized for the last three days for intravenous hydration and multi-vitamin. He is still refusing food. He is medically stable at the moment. We need court order for forced feeding in the hospital so that his condition does not deteriorate and lead to health hazards.

Thank you for your assistance.
